#### Share Your Thoughts

Participate in this study by sharing your thoughts and completing the community input survey on the project website. Access the survey at: [www.bikepedaccessnewark.com/survey](http://www.bikepedaccessnewark.com/survey)

The City of Newark is hosting a public meeting for the **Newark Riverfront Pedestrian and Bicycle Access Concept Development (CD) Study**. The purpose of this CD Study is to identify safety and mobility improvements on Park Place / Center Street, from Broad Street to NJ 21, and on Broad Street from Rector Street to Washington Place, referred to as the Military Park Area, or NJ Performing Arts Center (NJPAC) Area. This project aims to:

- Improve safety and mobility for pedestrians, bicyclists, transit users, motorists, and all road users
- Establish better pedestrian and bicycle connections between Broad Street and Passaic waterfront area
- Expand the active transportation network within the City

Attendees have the option to attend in-person or virtually. The in-person session will be held on April 11, 2024 from 6:00 to 7:30 pm at Newark YM/WCA. The virtual on-demand public meeting will be accessible on the project website for 30 days following the meeting. Please scan the QR code above to go to the project website for full details about the meeting options.
