Unified Planning Work Program

Budget Book

NJTPA FY 2027 Unified Planning Work Program Budget Overview

The accompanying Budget report provides necessary details regarding the NJTPA's anticipated expenses and revenue sources for the FY 2027 Unified Planning Work Program (UPWP).

EXPENDITURES:

The NJTPA's Budget for FY 2027 UPWP can be separated into three categories: (1) the Central Staff Program Activities including Central Staff Operations, Consultant Projects, and Subrecipient Activities (Chapter I); (2) Subregional Program Activities, which include pass-through funding for the Subregional Transportation Planning (STP) Program and the Subregional Studies Program (Chapter II); and (3) the Transportation Management Association (TMA) Program (Chapter III). The breakdown of the expenditures for the FY 2027 work program are provided on the attached budget tables. A detailed breakdown of the FY 2027 UPWP budget of Central Staff Activities by program area and task can be found on page 8; descriptions of these task activities can be found in Chapter I. Further details of the Subregional and TMA pass-through programs and their budgets can be found in Chapters II and III.

The budget for salaries includes 60 full-time Central Staff employees, plus part-time staff for additional support. A total of 65.2 full-time equivalent (FTE) employees are assumed with part-time staff counted as 0.65 FTE. The salaries budget for full-time staff also assumes a merit pool of 4% for existing employees. FTE for each task are included on page 8.

The budget for fringe benefits assumes provisional FY 2027 fringe benefit rates of 38.3% for full-time staff and 7.6% for hourly part-time staff. Actual FY 2027 rates will be subject to audit and as agreed to by NJIT (the NJTPA's Host Agency) and the U.S. Department of Health & Human Services.

The FY 2027 budget for NJIT's Facilities and Administration Costs assumes a fixed amount, as stated in the current NJDOT Basic Agreement with NJTPA and NJIT (Agreement No. 2021-NJIT-001). The fixed amount is calculated from a rate based on past fiscal years' audited costs, which is applied to the total projected Central Staff operating costs.

The budget for equipment includes anticipated expenses for the upgrade of NJTPA's personal computers and laptops for Central Staff. Budget details for NJTPA Central Staff Activities' operational expenditures are on page 10.

UPWP Chapter I consultant and subrecipient supported planning efforts typically take 12 to 24 months to complete from the time they are initiated. Select projects may need to be completed over a three-year funding period. The proposed costs and schedules of new consultant and subrecipient projects are provided on page 11. The FY 2027 UPWP's contractual budgets include a 0.10% administrative fee for NJTPA's administration of the subcontracts, which are redistributed and included with the subcontracts' costs for the federal funding agreements.

REVENUE SOURCES:

There are three discrete revenue streams supporting the FY 2027 Unified Planning Work Program: (1) FHWA Metropolitan Planning Program funds (FHWA MPP PL) ; (2) FTA Section 5303\5305(d) Metropolitan Planning Program funds flexed to FHWA (Flexed FTA MP PL); and (3) FHWA Surface Transportation Block Grant Program funds (STBGP-NY/NWK and STBGP-PHILA). The local match requirements for all work in the FY 2027 program are provided through toll credits under the NJDOT's "Soft Match" program. At least 2.5% of the FHWA MPP PL funds have been set-aside and will be used on planning activities that will increase safe and accessible transportation options. Details of how the anticipated revenue sources will be applied to the FY 2027 work program, by expense category and by task, are provided on the attached budget tables on pages 6 and 9.

Central Staff Activities, including consultant and subrecipient supported efforts, are primarily funded through FHWA MPP and Flexed FTA MP PL funds (new FFY 2025 and FFY 2026 apportionments and older reprogramed PL funds), supplemented with FHWA STBGP-NY/NWK funds.

The Subregional Pass-through Programs (Chapter II) are funded through FHWA MPP PL and STBGP-NY/NWK funds.

The TMA Pass-through Program is funded through FHWA STBGP-NY/NWK and STBGP-PHILA funds.

U.S. DOT funding to be authorized through the NJDOT for the FY 2027 UPWP assumes FFY 2026 FHWA MPP PL, STBGP-NY/NWK, and STBGP-PHILA funds and FFY 2025 Flexed FTA MP PL funds that are included in the NJDOT's FY 2026 - 2029 Statewide Transportation Improvement Program (STIP, DB Nos. X30A, and 11383). The FY 2027 budget also assumes reprogrammed FHWA MPP PL funds from prior apportionments (unobligated/available balances released from NJTPA Task Order PL-NJ-25-01).

CONTINUING UPWP PROJECTS:

A list of consultant activities continuing into FY 2027 from the prior fiscal year work program are listed on page 12 of the Budget Book. Details of these continuing consultant projects funded in past fiscal year UPWP authorizations, which will still be active and managed by central staff during FY 2027, can be found on the NJTPA's UPWP webpage at <https://www.njtpa.org/upwp.aspx>.

NJTPA SUBREGIONAL SAFETY IMPROVEMENT PROGRAM, CAPITAL PROJECTS:

Although safety planning initiatives and Central Staff time administering and supporting the NJTPA Subregional Safety Improvement Program (formerly the Local Safety Program) are charged to and reported under the UPWP, consultant supported efforts for capital projects (preliminary engineering and final design phases of work) are funded through separate federal grant awards that follow different authorization requirements and schedules and are, therefore, not included in the UPWP Budget. A summary of new and continuing Subregional Safety Program capital projects are included as a separate attachment on pages 13 to 16 of the Budget Book. Further details of the NJTPA Subregional Safety Program and its capital projects authorized under this program can be found in Chapter I of the UPWP, under Task LP602, and on the NJTPA's UPWP webpage at <https://www.njtpa.org/localsafety.aspx>.

- Notes:**
- 1 Although Central Staff administers and supports the NJTPA Subregional Safety Improvement Program and conducts safety planning initiatives through the UPWP, funding authorizations for consultant supported capital projects (preliminary engineering and final design phases of work) are issued through separate federal grant awards that follow different authorization requirements and schedules and, therefore, are not included in the UPWP Budget.
 - 2 Budget for the HSIP FY 2024 LSEAP includes current authorizations for PE.
 - 3 Budget for the HSIP FY 2020 LSEAP includes current authorizations for PE and FD (3 projects have advanced to FD: PL-NJ-22-02, PL-NJ-22-03, and PL-NJ-22-04).
