

# TURNING PLANS INTO ACTION

## STRATEGIES FOR TRANSPORTATION SAFETY

The **North Jersey Transportation Planning Authority (NJTPA)** is piloting the Safe Streets for All (SS4A) Advancement Program to help communities across North Jersey move from safety planning to implementation. The program delivers free technical assistance and webinars geared toward municipal staff, transportation professionals, and community stakeholders. The webinar series will provide participants with practical strategies to implement projects identified in Local Safety Action Plans using the New Jersey Target Zero Framework. Sessions will highlight short-term implementation strategies using low-cost materials to make immediate safety improvements while building toward long-term infrastructure investments.

### WEBINAR 1

## IMPLEMENTING SAFETY PROGRAMS AT THE LOCAL LEVEL

**NOV 13, 2026**  
**1:00 PM - 2:30 PM**

### WHAT WE'LL DISCUSS

- Using the tools in your Local Safety Action Plan
- Forming effective safety committees
- Implementing short-term and long-term solutions
